

VAPORX[®]

A TRUE VAPOR EXPERIENCE

VPR Brands LP elevates product design and formulation to meet consumer taste and expectations for a truly world class experience. We partner with the top international brands to elevate and accelerate their products into the forefront of our industry. Vape Differently.

VPR Brands is a technology holding company, whose assets include issued U.S. and Chinese patents for atomization related products including technology for medical marijuana vaporizers and electronic cigarette products and components. The company is also engaged in product development for the vapor or vaping market, including e-liquids. Electronic cigarettes (also known as ecigs or e-cigs) are electronic devices which deliver nicotine through atomization, or vaping of e-liquids and without smoke and other chemicals constituents typically found in traditional tobacco burning cigarette products.

VaporX® Vaporizers are truly revolutionary and are available for use with everything from e-liquids to essential oils and wax concentrates to your favorite dry herbs. Easy to use, discreet, and compact in size, VaporX® allows you to vape virtually anywhere you like, and in style.

Powered by high capacity, rechargeable, lithium ion batteries, your VaporX® is good to go...anywhere you go!

VaporX® now offers one of the industry's largest selections of premium e-liquids, offering both our U.S.A. formulated liquids (produced in an FDA registered facility) in ten (10) amazing flavors and three (3) different nicotine strengths, and our VX collection with 17 total mouth watering flavors in five (5) different nicotine strengths. With an e-liquid flavor and strength to suit everyone's needs, VaporX® E-liquids are the perfect fit, delivering all you desire from your vaping experience.

And for those just looking for something a bit more Vapor eXotic for your night out on the town, or just a quick diversion in between the business of the day, VaporX® has something for you too - Hookah Stix® disposable e-hookahs. Quick and easy, without the recharging, Hookah Stix® last up to 600 puffs, have a blinged out jewel cut LED light tip, soft tip filter, and come in ten (10) of the sweetest flavors around!

EXCITE

The VaporX® Excite E-Cigarette comes with a Personal Charging Case – PCC for short. Unlike traditional rechargeable e-cigarettes, which force you to attach the e-cig’s battery to a separate charger, preventing you from taking the battery with you for future use while it is charging, the VaporX® Excite’s PCC has its own mobile charging station that will keep your e-cig battery charged even while on the go. The PCC also serves as a highly durable carrying case for your e-cigarette and holds up to three (3) disposable filters/cartomizers.

INCLUDES:

- 1 x Rechargeable E-Cigarette Battery
- 5 x Replacement Filters/Cartomizers
- 1 x Rechargeable Personal Charging Case
- 1 x USB Mini B Power Cable
